

## Program Narrative – Associate Degree for Transfer (AA-T or AS-T)

### Program Goals and Objectives

- A. Program Goal: Transfer
- B. Program Learning Outcomes

*Upon satisfactory completion of the program, students will be able to:*

1.	
2.	(add rows as needed)

### Catalog Description

(The catalog description is what will appear in the catalog once the program is approved and should match exactly the catalog description on the program form in CourseLeaf. In addition to any discipline-specific language, each ADT description should also include the follow two paragraphs:

“To fulfill the requirements for this degree, students will complete the required and elective courses in the area of emphasis and the appropriate general education pattern (either CSU GE or IGETC) totaling 60 semester CSU-transferable units.

Additional NVC graduation requirements do not apply to this degree. Students must successfully pass all courses in the area of emphasis with a minimum of “C” and maintain an overall minimum 2.0 GPA. Additionally, students pursuing this degree option must work with a counselor and faculty advisor to ensure appropriate elective course selections for their intended area of emphasis for the baccalaureate degree.”)

### Program Requirements

Course lists for all ADTs must follow an approved template for [Transfer Model Curriculum](#) (TMC) for the specific degree, which can be downloaded from the California Community Colleges Chancellor’s Office website. Please review the TMC and consult with the Articulation Officer on appropriate courses. The Articulation Officer can work with discipline faculty, if requested, to correctly format the TMC and attach this as a separate document.
