- 27 Great participation in class
- 26 Setup your Starfish Profile
- 20 Keep Being Awesome
- 18 You are off to a great start
- 13 Missing/Late Assignments

STARFISH SUPER USER

Michael Campbell

Math Department
Adjunct Faculty

"Starfish brings to mind the parable of the blind men and the elephant which cautions against the human tendency to prioritize our own perspective as an objective truth.

...
I believe the adoption of Starfish offers an opportunity to greatly enhance the effectiveness of the student focused mindset that is already a cornerstone of the NVC mission.

Good technology encourages good practice: By easing communication among colleagues and facilitating teamwork around students Starfish offers a way to leverage technology for student success."

Best,
Michael
